Notes to the Financial Statements

BORAL LIMITED AND CONTROLLED ENTITIES

1. ACCOUNTING POLICIES

Boral Limited (the "Company") is a company domiciled in Australia. The consolidated half-year financial report of the Company as at and for the half-year ended 31 December 2009 comprises the Company and its controlled entities (the "Group").

(a) Basis of Preparation

The half-year consolidated financial report is a general purpose financial report which has been prepared in accordance with the requirements of the Corporations Act 2001, Accounting Standard AASB 134 *Interim Financial Reporting*, the recognition and measurement requirements of applicable AASB standards and other authoritative pronouncements of the Australian Accounting Standards Board.

The half-year report does not include full note disclosures of the type normally included in an annual financial report. As a result the half-year financial report should be read in conjunction with the 30 June 2009 Annual Financial Report and any public announcements by Boral Limited and its controlled entities during the half-year in accordance with the continuous disclosure obligations under the Corporations Act 2001.

The half-year financial report was authorised for issue by the Directors on 10 February 2010.

The half-year report is presented in Australian dollars.

(b) Significant Accounting Policies

The half-year financial report has been prepared on the basis of historical cost, except for derivative financial instruments and financial instruments classified as available for sale which have been measured at fair value. The carrying value of recognised assets and liabilities that are hedged with fair value hedges are adjusted to record changes in the fair value attributable to the risks that are being hedged.

The accounting policies have been consistently applied by each entity in the consolidated entity and are consistent with those applied in the 30 June 2009 Annual Financial Report.

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

Notes to the Financial Statements

BORAL LIMITED AND CONTROLLED ENTITIES

1. ACCOUNTING POLICIES (continued)

(c) Changes in Accounting Policies

From 1 July 2009 the Group has adopted the following Standards and Interpretations. The adoption of these standards and interpretations did not have any effect on the financial position or performance of the Group.

- AASB 8 *Operating Segments*
- AASB 101 *Revised Presentation of Financial Statements*
- AASB 2007-3 *Amendments to Australian Financial Standards arising from AASB 8*
- AASB 2007-8 *Amendments to Australian Financial Standards arising from AASB 101*

The adoption of AASB 8 *Operating Segments* has resulted in a revision of the Groups reportable segments. AASB 8 *Operating Segments* requires a "management approach" under which operating segments are presented on the same basis as that used for internal reporting, and is reviewed by the chief operating decision maker being the Managing Director and CEO. Previously segments were presented by business and geographical segments determined using a risk and rewards approach. Comparatives have been restated.

AASB 101 has impacted the presentation of the Statement of Comprehensive Income and Statement of Changes in Equity. Since changes to the standard only impact on presentation there is no impact on earnings per share.

(d) Comparative Figures

Where necessary to facilitate comparison, comparative figures have been adjusted to conform with changes in presentation in the current financial year.

(e) Rounding of Amounts

The Company is an entity of a kind referred to in ASIC Class Order 98/100 and, in accordance with that Class Order, amounts in the financial report have been rounded to the nearest one hundred thousand dollars unless otherwise stated.

The Group has five reportable segments as described below. The Building Products segment reflects the operations of the Clay and Concrete products, Plasterboard and Timber divisions which satisfy the aggregation criteria as defined in the standard.

The following summary describes the operations of the Group's reportable segments:

Australian Construction Materials	- Quarries, concrete, asphalt, transport and quarry end use.
Cement Division	- Cement; Asian concrete, quarries and pipes.
Building Products	- Australian plasterboard, bricks, timber products, roof tiles, masonry and Asian plasterboard.
United States of America	- Bricks, roof tiles, fly ash, concrete, quarries and masonry.
Construction Related Businesses	- Scaffolding, precast concrete, concrete placing and windows.
Unallocated	- Non-trading operations and unallocated corporate costs.

The major end use markets for Boral's products include residential and non-residential construction and the engineering and infrastructure markets.

Inter-segment pricing is determined on an arm's-length basis.

Segment results, assets and liabilities includes items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

11. CONTINGENT LIABILITIES

The Company has given to its bankers letters of responsibility in respect of accommodation provided from time to time by the banks to controlled entities.

A number of sites within the Group have been identified as contaminated, generally as a result of prior activities conducted at the sites, and review and appropriate implementation of clean-up requirements for these is ongoing. For sites where the requirements can be assessed, estimated clean-up costs have been expensed or provided for. For some sites, the requirements cannot be reliably assessed at this stage.

Certain entities within the Group are subject to various lawsuits and claims in the ordinary course of business.

Consistent with other companies of the size and diversity of Boral, the Group is the subject of periodic information requests, investigations and audit activity by the Australian Taxation Office (ATO) and taxation authorities in other jurisdictions in which Boral operates.

A deed was entered into at the time of the demerger which contained certain indemnities and other agreements between the Company and Origin Energy Limited (Origin) and their respective controlled entities covering the transfer of the businesses, investments, tax, other liabilities, debt and assets of the Group and some temporary shared arrangements. A number of matters have been resolved with both the Australian and United States taxation authorities which are likely to give rise to claims by the Group under the demerger deed. As the settlement resulted in a payment to the ATO, Origin is likely to rely on indemnities contained in the demerger deed.

The Group has considered all of the above claims and, where appropriate, sought independent advice and believes it holds appropriate provisions.

Directors' Declaration

In the opinion of the Directors of Boral Limited:

1. The financial statements and notes set out on pages 3 to 17, are in accordance with the Corporations Act 2001, including:
 - (a) giving a true and fair view of the financial position of the consolidated entity as at 31 December 2009 and of its performance, as represented by the results of its operations and cash flows, for the half-year ended on that date; and
 - (b) complying with Australian Accounting Standard AASB 134 "*Interim Financial Reporting*" and the Corporations Regulations 2001; and
2. There are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the Directors:

Mark W Selway
Director

Sydney, 10 February 2010

Independent auditor's review report to the members of Boral Limited

Report on the Financial Report

We have reviewed the accompanying half-year financial report of Boral Limited, which comprises the consolidated balance sheet as at 31 December 2009, consolidated income statement, consolidated statement of comprehensive income and consolidated cash flow statement for the half-year ended on that date, a statement of accounting policies, other explanatory notes 1 to 13 and the Directors' Declaration of the consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The Directors of the company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of an Interim and Other Financial Reports Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2009 and its performance for the half-year ended on that date; and complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the Corporations Regulations 2001. As auditor of Boral Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Boral Limited is not in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2009 and of its performance for the half-year ended on that date; and
- (b) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the Corporations Regulations 2001.
